

LMP POWER ADAPTER 65W

**Power Adapter for iBook G3&G4 & PowerBook G4,
DC 24.5V/2.65A, white**

P/N
9961

PRODUCT OVERVIEW

The LMP power adapter charges your iBook G3/G4 or PowerBook G4. The integrated autoswitch for different voltages (100-240V) and the exchangeable power cord make this power adapter versatile and the ideal companion for on the go. No matter if your notebook is in use, turned off or in sleep mode, as long it is connected to the LMP power adapter, it will get charged.
