USB-C Power Adapters

LMP USB Dual Power Adapter 10W

PRODUCT OVERVIEW

Use the LMP USB Dual Power Adapter 10W to charge your iPod, iPhone or iPad. The Dual Port allows to charge two devices simultaneously (charging time may vary). The included interchangeable AC plugs (Euro, USA, UK) give you the possibility to charge your devices almost everywhere in the world. It comes either with a 30-pin Dock cable or with a Lightning cable, depending on your device, which also work for syncing with iTunes.
