

GT1660-SB3

External Storage Enclosure with High Performance & Big Capacity

Removable Tray Design

Heat-dissipating Aluminum Case

Space-saving Foot Stand

Coming with USB 3.0 transfer interface which is 10 times faster than USB 2.0, GT1660-SB3 is suitable for large file transmission which can save lots of waiting time, especially the ever-increasing multi-media files of GB size; in addition, GT1660-SB3 supports also eSATA transfer interface that ensures data transmission is always supported with a high transfer rate even if you do not have a USB 3.0 supported environment!

USB 3.0 (UASP) + eSATA High Transmission Host Interface

Support USB 3.0 & eSATA host interface, you can choose either host for use according to your demand and the environment.

Extensive Application Scope

GT1660-SB3 houses a 3.5" HDD, with its high transfer interface which is suitable for storing large digital files from digital camera (DSC) \ digital video (DV) and blue-ray DVD. Besides, GT1660-SB3 supports different operating systems.

Removable Tray Design Facilitates Data Mobility

Removable tray design not only enables you to exchange HDD easily but also facilitates data mobility.

Model No.	GT1660-SB3 - JM561
Drive Interface	1 x 3.5" SATA III HDD
Host Interface	USB 3.0 + eSATA (6G) (Backward compatible with USB 2.0)
Support Single HDD Max. Capacity	8TB 3.5" HDD
Material	Aluminum Alloy & Plastic
Operating System	Windows, Linux, Mac
Certification	CE/ FCC
Dimension	228W * 122L * 32.5H mm
Net Weight	0.6kg

The product specification is subject to change without notice.

Logistical Data

Dimension of Article:	228W * 122L * 32.5H mm	Net Weight:	0.6kg
Dimension of Packing Box:	283W * 164L * 102H mm	Gross Weight (incl. packing):	1.4kg
Dimension/Carton:	600W * 362L * 342H mm	Total Weight:	17kg/carton
Packing Unit:	12 units/ctn	Country of Origin:	Taiwan
EAN-No.:	4711132864779		
UPC-No.:	884826503989
