

LMP Keyboard ProtectCase for iPad 9.7" Manual

Illustration:

Multifunction Keys:

LED Status Indicators:

Caps Lock Indicator:	Lights on means uppercase Letters, Lights off means lowercase Letters.
Wireless Status:	Press "Fn+C" to perform the Pairing between iPad and Keyboard. The LED will turn off when the Connection to the iPad is established successfully.
Batterie Status:	A flashing Light indicates a low Battery Level. Constant Light when charging. Green Light when fully charged.

Keyboard Pairing:

1. First setup the iPad, then pair the Keyboard
2. Turn the on/off Switch to the right Position, then press "Fn+C" to perform the Pairing. The LED will turn off when the Connection to the iPad is established successfully. If the connection is not established after 3 Minutes you need to repeat the pairing process from the start.
3. Select "Settings" => "Bluetooth". Make sure that Bluetooth is turned on.
4. Select under "OTHER DEVICES" the "LMP BT Keyboard".
5. A 4-digit numeric Code is displayed on the Screen. Type in the Numbers and confirm the Code with the "Enter" Key on the Keyboard.
6. The Pairing is successful as soon as the "LMP BT Keyboard" is displayed as "Connected" under "MY DEVICES".

Maintenance and Warnings:

1. Do not press, drag, or tap the keyboard.
2. Keep the keyboard away from liquids and magnetic fields.
3. Use a soft cloth to clean the keyboard.
4. Switch off the keyboard when you are not using it.

Procedure for Connection Problems:

1. Make sure the keyboard is turned on and the battery is charged.
2. Make sure the keyboard is close to the iPad.
3. Make sure Bluetooth is enabled in the iPad Settings.
4. Make sure the Keyboard is paired with the iPad.

Mounting the Stand:
